

# AI & Machine Learning Convention 2020

Oct. 25, 2019 by BiopharmaTrend

## The Future is Now

The UK's most forward thinking event, dedicated to exhibiting technology which is really just beginning to be introduced across hospital services, this truly is a pioneering event that will shape the future of healthcare.

Co-located with the Medical Imaging Convention and the Oncology Convention, join over 4000 medical professionals at the UK's leading medical event for AI & Machine Learning.

Visit the AI & Machine Learning Convention and discover the enlightening key features of the show:

- Over 50 exhibitors specialising in AI technology
- 50 free to attend AI & Machine Learning CPD accredited seminars led by industry leaders
- 2 co-located shows; Experience the future of medical imaging at the Medical Imaging Convention and the Oncology Convention that is dedicated to advancing clinical oncology and life saving research

Learn more about the show by visiting the AI & Machine Learning website.
