To address the budgeting challenges experienced by global sponsors and CROs during study start-up, Greenphire's Catherine Click, Director, Clinical Pricing & Analysis, and Kyle Cunningham, Chief Product Officer will be discussing the four key budgeting challenges faced by sponsors and CROs which can hinder global study success in an upcoming webinar. You'll learn why:

- Poor data decreases study budget confidence
- Disconnected, manual processes extend project timelines
- 'Budget through payment' execution alignment is crucial
- Technology automation benefits all stakeholders, improving the sponsor-site
