18th Annual Pharma IT & Data Congress: Virtual

Aug. 21, 2020   by BiopharmaTrend

Oxford Global are proud to announce the PharmaIT & Data Congress as part of our annual PharmaTec Series: Virtual. This unique conference consists of 4 interactive streams and covers key areas such as Big Data, data FAIRification & management, visualisation as well as data handling in drug discovery.

As the volume of data pharmaceutical companies are handling continues to increase, it is more important than ever to look at the latest developments within the field. From data harmonization, FAIRification and data visualization, this is the event to attend in 2020 to stay at the forefront on data science.
